APPLICATION FOR A NURSERY GROWER'S LICENSE

A Nebraska Nursery Grower License is required by the Nebraska Plant Protection and Plant Pest Act of any person growing and distributing nursery stock in Nebraska.

Initial applications must be received prior to the beginning of distribution.

After NDA has received your completed application, a nursery inspector will inspect the growing location. An inspection report and bill will be sent to you. You will be issued a license upon payment of the grower inspection bill. If you request an inspection and then decide not to become licensed, you are still responsible for paying the inspection fee.
